Stradbroke

Key Service Centre

Map C-29 Flood Risk 2007

Summary of settlement

Stradbroke is a village with a population of approximately 200 with the key services of shops, post office, school and bus service.

Flood Risk

Stradbroke is situated outside of Flood Zones 2, 3a and 3b. Surface water flooding remains a potential issue. BGS geology maps and EA groundwater vulnerability maps show Stradbroke to be underlain by a minor aquifer of low vulnerability meaning there is a low risk of groundwater flooding. DG5 data for external and internal sewer flooding incidents has been obtained from Anglian Water which shows no occurrences of sewer flooding in Stradbroke.

Potential Development Issues

All of the potential land bid sites are situated outside of Flood Zones 2, 3a and 3b. There is a conservation area to consider in Stradbroke.
